# Australian Social Services Minister Amanda Rishworth Presents Flags at Galilee Prayer

On Wednesday morning, the Hon. Amanda Rishworth MP, Federal Member for Kingston and Minister for Social Services, visited Galilee for Community Prayer. During the event, the Year 1 students led the community in a special Mother's Day prayer to express gratitude for the special women in our lives.

After prayer, Minister Rishworth presented Galilee with new flags and explained each flag's significance to the students, including the Australian flag, the Aboriginal flag, and the Torres Strait Islander flag.

Our Student Ambassadors accepted these flags on behalf of Galilee, and our student leaders have committed to taking care of the flags and ensuring that they are flown with respect.

### From the Deputy Principal

In recent weeks we have seen a significant increase in the conversation around the right for women to feel safe and live free from violence. This is in response to the abhorrent behaviours and incidents that have been reported, and we know, there are so many more that we simply are not aware of. Personally, I find it astonishing, and devastating, that we cannot ensure this basic human right is afforded to females within our society.

It has been pleasing to see many of our Year 9 Rite Journey classes having a conversation about this topic and discussing their role in ensuring there is change. At Cardijn, we have a responsibility to ensure that every individual feels safe; safe physically, emotionally and spiritually. We also aspire to develop graduates who are well-rounded and can live faithfully and with integrity.. that is Our Cardijn Way! Whilst we know we are just one educational setting within what is a multi-faceted and complex society, we will be doing everything we

can to continue to educate students on their moral imperative to ensure the dignity of every person is respected.

Wade Champion (Head of Campus – Marian) shared this prayer earlier in the week and I would like to share it with our broader community also:

*God of love, compassion and healing, we pray to you for the elimination of violence against women:*

*For women and girls who have experienced violent relationships, that they can find safety and healing from their trauma, and rebuild their lives;*

*For children who have witnessed violence in their homes against their mothers and sisters and other family members, that they will experience healing and hope;*

*For Indigenous women and refugee women who have been impacted by extreme violence, that deep and lasting change will ensure their safety;*

*For individuals and organisations working to prevent violence against women and girls and help survivors of violence, that their courage and generosity will endure;*

*For men who speak out against forms of expression that demean women or condone violence against them, that their voices will grow stronger;*

*For the men and boys who have behaved violently towards women and girls that they will have a change of heart, repent in meaningful ways, and seek whatever help they need to lead changed lives.*

*God of love, we commend these prayers to you and for your compassion to flood the hearts of all people.*

*Amen*
